Sir,

The Executive Engineer, Bellary Division has claimed a sum of Rs.2,278-14-0 as interest for the amount spent in advance by Public Works Department, for the drainage scheme. The Council applied for a loan of Rs.65,000/- to meet the Municipal share of contribution, but the Government sanctioned only Rs.15,000/- in G.O.No.4482 P.H., dated 6-12-1939. The Government were again addressed in this office No.122/39 dated 27-3-1940 to sanction the balance of Rs.50,000/- but the subject is still under the consideration of the Government - Vide Government Endorsement No.31754-1-E2-P.H., dated 9-8-1940 -. As the finances of the Council are in a bad condition and as the part payment received was also

also adjusted to the advance of Rs.85,000/- taken in 1937-38 the Municipality was not in a position to advance its share of contribution. The Council has therefore resolved to request the Government to waive the recovery of interest charged by the Public Works Department. A copy of the Council Resolution No.9 dated 23-9-1940 is enclosed herewith.

I request the Government to kindly view the request of the Council with sympathy and order a waiver of the recovery of the penal interest, as a special case.

9. Read Executive Engineer's letter No.2586 G/ B.1 470 dated 19-8-40 claiming penal interest of Rs.2,278-14-0 for not crediting the Municipal contribution for drainage work in advance in 3-9-1940.

(V) Read Government Memorandum No.53007-2-E.2 P.H., dated 3-2-1940 refusing to sanction the loan of Rs.50,000/- asked for by the Council unless it raises the rate of Water and Drainage tax by one percent on account of its bad finances and the Commissioner's note dated 15-3-1940 to the Council and the Council's resolution No.4 dated 16-3-1940 thereon.

Read Government endorsement No.31754-1 E.2. P.H., dated 9-8-1940 in reply to this office C.No.122/39 dated 27-7-1940 that the matter is under consideration of the Government.

Read Commissioner's note suggesting to address the Government to waive the recovery of penal interest claimed by the Executive Engineer.

Res:- In view of the very unsatisfactory financial condition of the Municipality which is mostly due to the great reduction in the taxes paid by the Military Department, and increase in expenditure on services due to modern requirements, and in view of the poor condition of this town (situated in the centre of Ceded Districts) which has become worse on account of the cost of living consequent on the War, This council appeals to the sympathy of the Government and requests them to waive the levy of penal interest.

Sir,

The Executive Engineer, Bellary Division, reports that advance intimation as laid down in para 470(1) of the Madras Public Works Account Code was given to the Municipality fixing dates for the payment of the contribution.

2. As the interest has been charged on Government money spent in advance of the second and subsequent instalments and as it is reported that the delay in paying the contribution was mainly due to the non - sanction of the loan applied for, it is for the Government to decide whether the recovery of interest may be waived or not. In this connection it is brought to the notice of Government that the penal interest charged on the previous occasion was waived by Government in G.O.No.4615 P.H., dated 15th December 1939.

3. I enclose herewith a statement A showing how the penal interest of Rs.2278-14--0 was arrived at.

On the analogy of Rule IV reproduced in para 480 of the Madras Public Works Account Code for purposes of calculating interest, the

the date on which Government money is actually advanced should be taken to be the last day of the month in the accounts of which the expenditure is included and interest is to be levied for this day also with reference to Article 262 I of Madras Financial and Account Code Volume I. If the interest is calculated on the above basis taking the rate of interest as 3½%, (i.e.,) the ordinary rate of interest charged on loans, the amount of interest payable works out to Rs.1,446-13--5 vide statement B enclosed.

4. It is reported that the calculations in the first statement A referred to above were verified by the Accountant-General and accepted as correct. I therefore request that the interest payable by the Municipality may be fixed after consulting the Accountant-General if necessary.

5. The enclosures received with the Government Endorsement under reference are returned herewith in original.

Sir,

Ref:- Government Memorandum 9208/41-1-E.2. P.H., dated 24th March 1941.

A sum of Rs.21,620/- has already been paid from the surplus under Water and Drainage Ordinary in the course of the year 1940-41. Excluding this amount already paid a sum of Rs.50,060/- and the penal interest of Rs.2,278-14-0 were due to the Public Works Department towards the Municipal share of the contribution. The loan of Rs.32,000/- sanctioned by Government in G.O.No.769 P.H., dated 21st February 1941 has therefore been completely placed at the disposal of the Public Works Department. The Water and Drainage Fund is now working with a deficit and there is no amount available for the payment of the remaining balance of Rs.18,060/- and the penal interest claimed by the Public Works Department. The Government have also been addressed in this office C.No.122/39 dated 7-10-1940 to waive the recovery of penal interest but no orders have been passed as yet.

I therefore request the Government to sanction the balance of loan amount of Rs.18,060/- and to waive the payment of the penal interest as a special case.

The Bellary Mfg. Cl. requests Govt. to waive the recovery of the penal interest of Rs. 2278-4 charged by the PWD on Govt. money spent in advance during 1939-40, on the Bruceport drainage scheme. The Comm^r reports that the Council was not able to pay its share of the cost of the scheme in view of the unsatisfactory condition of the Council's finances and of the non-payment of the loan of Rs. 50,000 applied for by the Cl towards the cost of the drainage scheme.

2. Last year, when examining the application (submitted in Feb 1940) of the Council for a loan of Rs. 50,000 towards the drainage scheme, Govt. decided (in July 1940) to sanction a loan of Rs. 30,000 for the scheme plus Rs. 2,000 towards the penal interest due on the Govt. money spent on the scheme in advance. A loan of Rs. 32,000 was accordingly actually sanctioned in

Memo No 9208-1 Erd dated 24.3.41 from the Commr Bellary met. to No 122/39 dated 28.4.41 Cno 1685/9

From the Commr's letter at page 11 it will appear that a sum of Rs 180,60 has still to be placed at the disposal of the ~~PWD~~ The Commr requests a loan of this amount and also the waiver of the interest of B 2278-14 on over drawn contributions.

L.A. may first be requested to state whether the loan of Rs 180,60 is necessary

There is no justification for waiving the interest on tne amount spent in advance by the P.W.D. on behalf of the M.C. The Commissioner may be informed accordingly.

2. It now appears that it was a mistake to have assumed, while G.O.No.769 P.H. dated 21-2-41, was issue that there was a surplus of Rs.21,940 in the Water and Drainage account available towards the sum of Rs. 52,278-14-0 due to the P.W.D. This surplus was apparently utilised towards payment of more or less the same amount covered by the cheque referred to in the Executive Engineer's letter at page 12 of (O).

3. A loan of Rs.18,000 may now be sanctioned. This will bring the total loan to the figure of Rs.65,000 specified in the Council's original loan application at page 8 of G.O.No.3044 E.& P.H. dated 24-8-1939.

4. There is no specific provision for a loan on account of this drainage scheme in the current year's budget. This will have to be met from ~~the~~ savings, ~~as~~ later in the year to ~~which the C.E. may be addressed later~~. In the meantime, the case may be sent to L.A. and Finance for remarks.

L. A. Department.

This Department may agree with the remarks of E.& P.H. in para 1 on page 3 ante with regard to the waiving of the interest on Government money spent in advance.

2. The Budget Estimate for 1940-41 showed a balance of Rs.21,940 under water supply and drainage account as shown in the margin.(X) The R.E. for 1940-41 shows that there was less revenue collected, less maintenance expenditure but more of capital expenditure. The date of payment of the amount covered by the cheque referred to in para 2 of E.P.H. note ante had not been intimated and as in 1939-40 payments to an extent of Rs.1,25,329 had been made, it was not possible to presume that the cheque did relate to 1940-41. Further in July 1940 when this assumption was made, the full position as later on developed and the Commissioner who should have reported the actual position in February 1941 and got an additional loan in February or March 1941 kept quiet until E.& P.H.asked him at the end of March 1941. Further owing to poor collection of revenue, the opening balance and receipts fell, capital expenditure not provided in the budget was increased e.g. Rs.8000 more on water works and all these contributed to the conversion of an estimated credit balance of Rs.21,940 into a deficit of Rs.6970. Even if an additional loan of Rs.20,000 had been made & paid to P.W.D., the Water supply and drainage account would close with a deficit owing to the altered circumstances stated above. The Commissioner submitted the budget for 1940-41 in March 1940 when he might have provided for the full amount due to P.W.D. in 1940-41.

Capital Receipts	50	33,510
Capital Expenditure	650	62,210
Closing Balance	+21,940	- 6,970

3. The B.E. of the Bellary Municipal Council for 1941-42 as framed by the Council is

expected to close with a deficit of Rs.6580 under the water supply and drainage account after taking credit for a loan of Rs.18,000 for drainage and providing for an expenditure under capital side of Rs.18,300. The expected deficit can be reduced if a part of the arrears of water and drainage tax is collected. A loan of Rs.18,000 is necessary and may be sanctioned.

The annuity on a loan of this amount with interest at 4% repayable in 30 years is Rs.1,041. The Commissioner has reported that the normal receipts and expenditure under the W&D Acct are Rs.69,770 and 67,280 which leave a surplus of Rs.2690. The Council can easily find the annuity on the loan from this surplus.

With these remarks the file may be put up to the C.E.P.H. & D.O.

ASST. SECRETARY TO GOVERNMENT 7 - JUN 1941 FINANCE DEPARTMENT

Finance (Exp)

The Bellary Municipal Council applied for a loan of Rs 65.000 in July 1939 to meet its share of the cost of the Bruce pet drainage scheme. This application was published in the F.S.G. Gazette on 29.8.39. The L.A. Depn. considered that some surplus would be available from the W. and D. account and that a sum of Rs 15.000 would be sufficient for the purpose of the Council. Accordingly, a loan of Rs 15.000 was sanctioned in Go 4482 Ph dt 6.12.39.

2/ The anticipated surplus under the

water and drainage account was not however realised and the Council renewed its application for sanctioning the balance of loan applied for, viz. Rs 50.000, to meet the payment of Rs 50.060 due to the P.W.D. ~~due~~ towards its share of the drainage scheme besides Rs 2.278—14—0 due towards penal interest. It was again expected that the W. & D. account of the Council would close with a balance of Rs 21.940 at the end of 1940-41 and that the Council would be able to find Rs 20.000 from this amount. Accordingly, a loan of Rs 32.000 was sanctioned in Ec. 769 P.H. by 21-2-41.

3. It is now found that the anticipations again went wrong. The W. & D. account for 1940—41 closed with a deficit of Rs 6.970 against the anticipated surplus of Rs 21.940. and with the balance of Rs 18.060 and Rs 2.278-14-0 due to the P.W.D. still remains unpaid. The Council has applied for waiving the penal interest as a special case. The E & P.H. and the L.A. Depts. agree that there is no case for waiver of interest but propose to sanction a loan of Rs 18.000 (which amount would make up the total of Rs 65.000 originally applied for by the Council).

4. It is submitted that the proposals of L.A. and E & P.H. may be agreed to.

As the loan application of the Council for Rs 65.000 for the purpose has been published in the Gazette it is not necessary to publish a fresh loan application.

There is no provision for this loan in the budget of the current year. Provision for Loans amounting Rs 2,62,600 has been surrendered. Against this, deduction for probable savings is Rs 2,98,700.
